Ministar poljoprivrede, vodoprivrede i šumarstva Hercegbosanske županije Božo Perić održao je danas radni sastanak s predstavnicima Udruge veterinara Hercegbosanske županije, ravnateljima svih veterinarskih stanica, predstavnicima općinskih službi za poslove poljoprivrede te veterinarskim i poljoprivrednim inspektorima Uprave za inspekcijske poslove Hercegbosanske županije.

Glavna tema sastanka bila je dugogodišnja problematika koja se redovito javlja tijekom sezonske ispaše životinja na području cijele županije. Sastanak je održan na inicijativu Udruge veterinara, s ciljem pronalaska učinkovitijih i trajnih rješenja kroz bolju suradnju i usklađeno djelovanje svih nadležnih tijela.

Jedna od ključnih točaka dnevnog reda sastanka bilo je i sprečavanje širenja zaraznih bolesti, osobito slinavke i šapa. Iako u Bosni i Hercegovini, uključujući Hercegbosansku županiju, zasad nema potvrđenih slučajeva, aktualna situacija u susjednim zemljama zahtijeva povećanu budnost i preventivno djelovanje.
